Subject: Urgent! Verify Your Account

Dear Customer,

We detected unusual activity on your account.

Please verify your account immediately.

Click the link below:

<http://example.com/verify>

Thank you,

Security Team

2. Phishing Indicators Found

1. Suspicious Sender Address: The sender's email address appears unusual and may not belong to an official organization.

2. Generic Greeting: The email uses "Dear Customer" instead of the recipient's actual name.

3. Urgent Language: The word "Immediately" pressures the user to act quickly.

4. Suspicious Link: The email contains an unfamiliar verification link.

5. Fear and Pressure: The email creates concern about unusual activity on the account.

Conclusion: This email contains several common phishing indicators, including a suspicious sender address, generic greeting, urgent language,

and an unfamiliar link. Therefore, the recipient should avoid clicking the link and independently verify the message through an official trusted channel.
